"Multiplying Excellence: Ensuring Quality Mathematics Trainings"

AUSTRALIAN MATHEMATICS COMPETITION (AMC) 2014

AUGUST 7, 2014

January 6, 2014

Dear _____:

The Mathematics Trainers' Guild, Philippines commissioned by the Australian Mathematics Trust (AMT) to administer the **2014 Australian Mathematics Competition (AMC)** on Thursday, August 7, 2014 is starting to accept the registration of participants from your school.

In connection thereto, we invite the interested math wizards of your school to participate in this year's AMC and we request your good office to help us disseminate this event to them whom we know have the potential to be this year's recipients of various forms of distinction.

That your participants and your school will experience convenience in registration, we have streamlined the registration procedures so as to avoid any misplaced, lost or non-arrival of deposit slips and registration forms.

The deadline of registration is on **Sunday, March 30, 2014**. The closing date is made earlier in order for us to have time to check and double check entries since some irregularities in the registration forms and payment slips were noted for several years now. In order to avoid similar instances which are the cause of misprint and late arrival of results and certificates, we solicit your support on this matter.

Furthermore, AMT requests us to remind your participants never to forget to indicate the School Code in their examination paper for it is very essential to identify them of their school.

We will give the person-in-charge of AMC in your school a copy of the AMC Solution Book as our incentive if your school makes at least **50** of your math wizards join the 2014 AMC. The AMC Solution book makes a very good material for review and training students because the math problems are designed based on the international math standard.

Attached herewith is the invitation letter containing the **new registration procedures** and other pertinent AMC registration details.

We are truly grateful and appreciative for your continuous support to the programs and projects of the Mathematics Trainer's Guild, Philippines through your participation in the 2014 Australian Mathematics Competition.

Thank you very much.

Very truly yours,

SIMON L. CHUA, D.T.

AUSTRALIAN MATHEMATICS COMPETITION

The Australian Mathematics Trust (**AMT**) through the MATHEMATICS TRAINERS' GUILD (**MTG**), PHILIPPINES invites you to participate in the 2014 Australian Mathematics Competition (**AMC**) to be held on Thursday, 7 August 2014.

REGISTRATION DETAILS / PROCEDURES

1. The entry fee for each participant is **US\$10.00** only.
2. We are implementing the **ON-LINE REGISTRATION** for the **2014 AMC** which starts in January 2014 and ends on 30 MARCH 2014. **Online registration will be closed on the said deadline and the computer generated online registration will not be accessible anymore after the closing date.**
3. The process for an individual on-line registration for the 2014 AMC can be downloaded at www.philboardstudies.com. Anyway, the steps are as follow:
 - a. Deposit the Registration fee of US\$10.00 at any BPI branches.
Account Name: **MTG Philippines**
BPI dollar account: **2114 0183 44**
 - b. Scan the deposit slip and visit the website www.philboardstudies.com.
 - c. Create a new account if you do not have previous on-line account with philboardstudies.com
 - d. Upload the scanned deposit slip and you will receive an automatic reply.
 - e. Wait for the approval of your registration. This will take time for us to process and evaluate your entries.
 - f. Once approved you will get a student's code which will be used as official entry to the contest.

Note:

- Be sure to bring the original and duplicate deposit slips on the contest date for validation of registration.
 - Do not submit the deposit slips to the MTG center coordinators since they are preoccupied with more important school activity.
 - We will not accept deposit slips sent through FAX or sent through any email addresses.
4. Do not assume that once the payment has been made, your entry will be automatically registered in our database. We will only process and include your name as an official participant to the 2014 AMC only when registration is made **ONLINE**.
 5. Please visit the following websites:
 - a. **www.mtgphil.org** - for announcements and information;
 - b. **mtg.amc@gmail.com** - for further inquiries

P.S. Do not write or send email to info@mtgphil.org since it is not meant to answer inquiries about AMC.
 6. No walk-in participants are allowed to take the 2014 AMC contest. No refund of the Entry Fee is possible.

SOLUTIONS BOOKLETS

AMT is making available a set of full solutions for all divisions for an extra charge of US\$30.00 (freight charges per book is included). These are the same, fully worked solutions printed every year in the AMC Solution books. To order the booklet, fill in the "Optional: Full Solutions of AMC Contest" in the online registration. You will receive one copy of the complete solutions from all five divisions of the competition in your results pack.

Note: AMC Solutions are available for **US\$30.00** for both the previous and current year editions. If the previous year copy is ordered, it may be in your hands within a month, but if a 2014 edition is ordered, it will be in your hands within the last month of 2014.
